We, the Charger Staff of 1972, offer you a book full of everlasting memories. In sincere fun we hope no one will be offended by any picture in this book, rather, we hope you will look upon it in the future with the same carefree laughing spirit which you now possess. To the students of the Bell Gardens High School we present

. . .

THE 1972 "CHARGER"

DEDICATION

The Charger staff of 1972 dedicates this year's book to Mr. Gayle Rogge, head of the math dept. at Bell Gardens High. Mr. Rogge is one of the many warm hearted teachers on the Bell Gardens faculty who has helped many a student over the rough road to success. He is never so busy that he can't stop for a minute to help a struggling math student with a problem.

We sincerely hope that this small token of recognition will show Mr. Rogge how much we all appreciate all he does for us the students at Bell Gardens High.

Charger Staff '72'

I can see it all now.

Yes, I assume you have a question.

All right, who put glue on the ball?

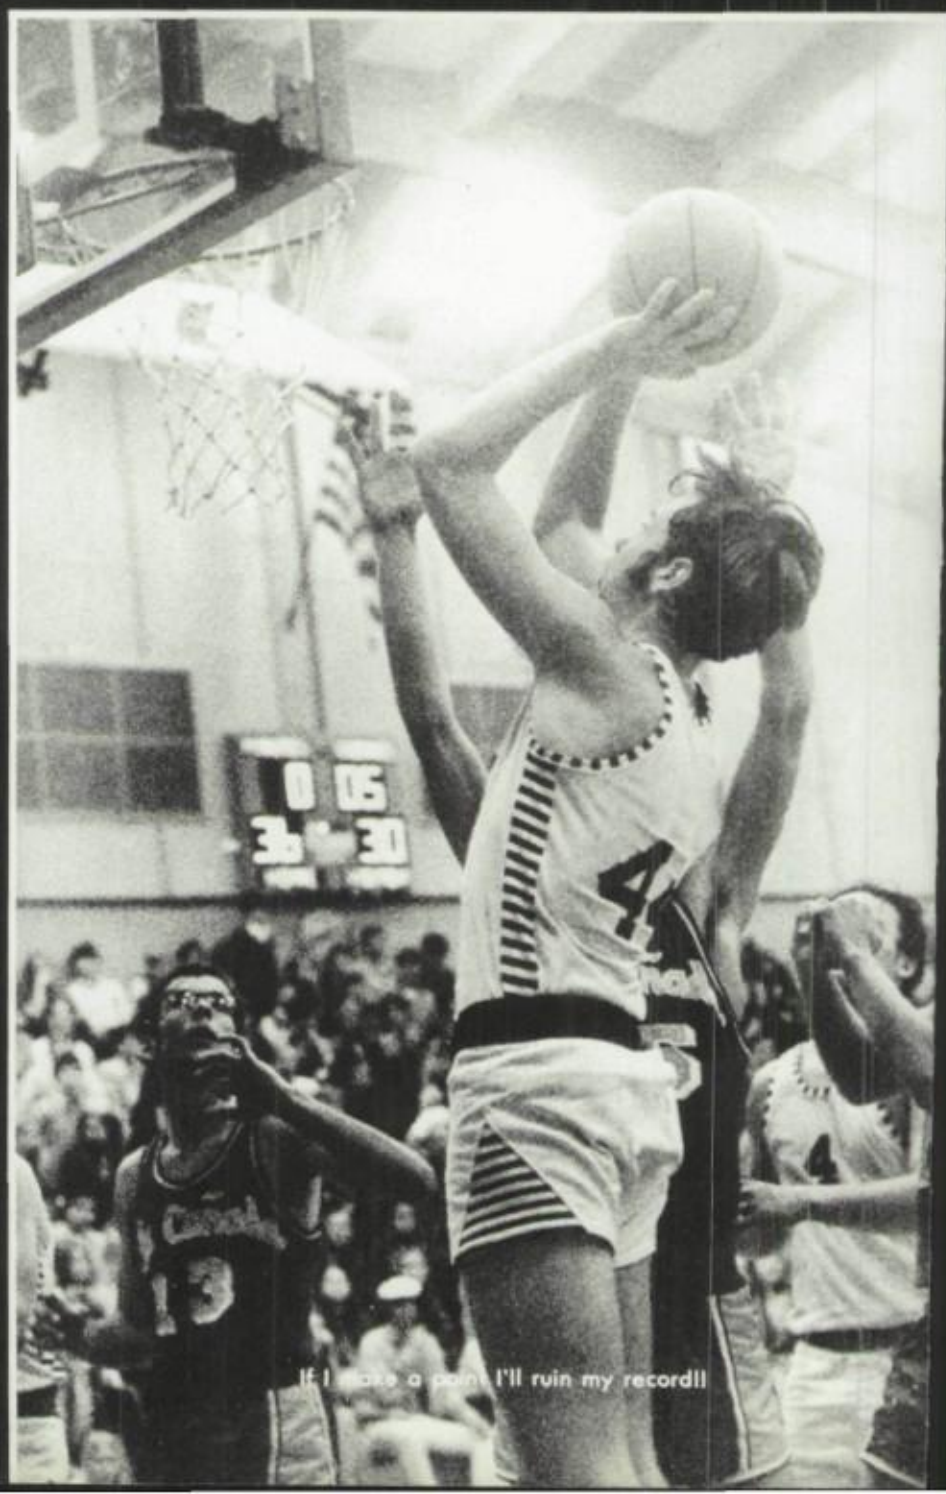
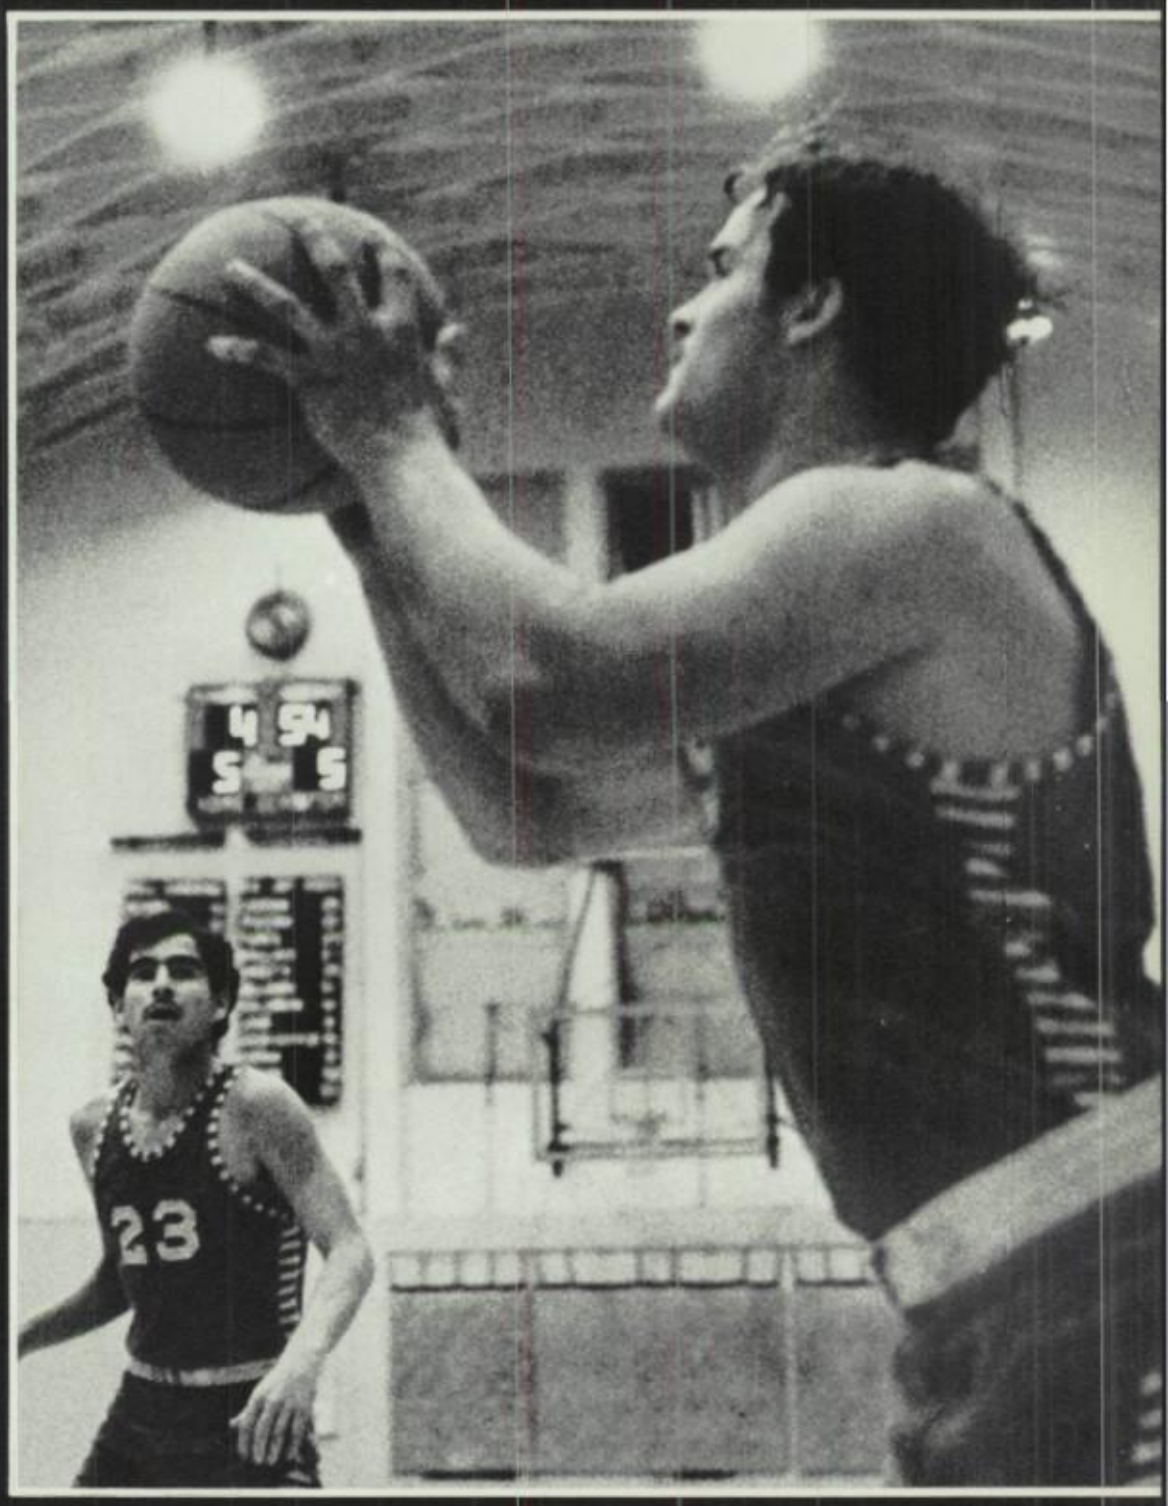
Peeps does it again.



If I miss a point I'll ruin my record!!

Boy, he must were red ball jets.



Look! CoCo I actually got to touch the ball.

The team this year was relatively inexperienced as far as varsity competition is concerned. We made many mistakes due to this lack of experience, but the team worked hard to improve and we made great strides in this direction. We were very successful in tournament competition — winning a trophy in both the Norwalk and Paramount Tournaments. Rick Evans, our high scorer, was selected to the All Rio Hondo League Team and to two All Tournament Teams to finish an outstanding high school career.

Ray and Rick, our two co-captains, did a fine job of leading the team this year. Much of the success we realized was due to their efforts. They both did a superb job of controlling the boards as well as accounting for the bulk of our points. It was a fine experience for me to work with them, and I wish them much success in their future endeavors.

It was great being associated with all the members of this team. Even though we didn't accomplish all the goals we set for ourselves; it has been a tremendous year with many enjoyable moments. I will remember each and every player on the ball club, and I want to wish them the best always!

Thanks for your hard work!

The rains never came in 1972, but the long track drought at Bell Gardens finally came to an end. Riding on the fleet legs of a talented bunch of 9th and 10th graders, the Lancers' track fortunes soared, and Bell Gardens established itself as a power to be reckoned with in the future.

This year, the varsity, short on manpower, faired poorly until a number of the Bees were elevated to fill the void. Most noticeable were Terry Stevens, sprinter, and Mike Guerrero, sprinter-long jumper, who, coupled with Steve Styles, formed the nucleous of the varsity squad. Steve was high point man for the year having won as many as three events, H. hurdles, lows, H. jump, in one meet. Terry flashed to the finish of the 100 yards in 10.3 and ran the 440 relay. Mike toured the 100 and 220 and had a best mark of 20' 9" in the long jump. Mike also went to CIF prelims as a long jumper. Both Terry and Mike return for more competion. The Bees, decimated by the upgrading of some of its members, lost much of its potential. Darrell Edmonds, with a leap of 5' 10" in the high jump was outstanding, and he will return.

Too much cannot be said of the Cees. Blessed with speed, endurance and the will to run and win, they swept the Temple City relays, won the league championship, dominated the league finals and placed 7 men in CIF prelims. Besides some of the fine marks that were posted, the best news is the fact that almost to a man they will return for two or three more years of competition.

Outstanding this year were: Mike Lozano, a 9th grader, who set new records in the 1320 almost every time out. Mike is now in the CIF semifinals and he will be back for 3 more years. Ray Espinoza, the fastest starter in the west, ran 10.3 in 100 yard dash, 18.4 in 180 and anchored the 440 relay to many a victory. Leonard Cervantes, another fine 9th grader, was league 660 champ, ran a good 100,180, and relay leg. Leonard plans to run the 440 next year, and the next and . . . And then there were the Larry Gomez's, Al Marquez's, Blancarte's and on and on. Congratulations Cees for a job well done.
